COMMISSION DELEGATED REGULATION (EU) 2019/2018 with regard to energy labelling of refrigerating appliances with a direct sales function

|                                                                                                                                              |                        |
|----------------------------------------------------------------------------------------------------------------------------------------------|------------------------|
| Model identifier:                                                                                                                            | IM 111 E               |
| Supplier's name or trademark                                                                                                                 | Scancool               |
| Use                                                                                                                                          | Display and sale       |
| Type of refrigerating appliance with a direct sales function:                                                                                | 4. Supermarket cabinet |
| Cabinet family code, according to the harmonised standards or other reliable, accurate and reproducible methods in accordance with Annex IV. | HC6                    |

## Product specific parameters

### 1. Beverage coolers\*

|                         |  |                                                        |                       |
|-------------------------|--|--------------------------------------------------------|-----------------------|
| Total volume (dm3 or L) |  | Ambient conditions for which the appliance is suitable |                       |
|                         |  | Warmest temperature (°C)                               | Relative humidity (%) |
|                         |  |                                                        |                       |

### 2. Ice-cream freezers with (transparent lid/non-transparent lid):\*

|               |    |                                                        |         |                             |         |
|---------------|----|--------------------------------------------------------|---------|-----------------------------|---------|
| Net volume, L | 55 | Ambient conditions for which the appliance is suitable |         |                             |         |
|               |    | Temperature range (°C)                                 |         | Relative humidity range (%) |         |
|               |    | minimum                                                | maximum | minimum                     | maximum |
|               |    |                                                        |         |                             |         |

### 3. Gelato-scooping cabinets\*

|                         |  |                   |  |
|-------------------------|--|-------------------|--|
| Total Display Area (m2) |  | Temperature class |  |
|-------------------------|--|-------------------|--|

### 4. [Integral/Remote] [horizontal/vertical (other than semi-vertical)]/semi-vertical/combined supermarket cabinet, roll-in\*: [yes/no]:

|                         |      |                   |    |
|-------------------------|------|-------------------|----|
| Total Display Area (m2) | 0,42 | Temperature class | H1 |
|-------------------------|------|-------------------|----|

### 5. Refrigerated vending machines,\* (Scandomestic do not carry this type of appliance)

|                   |  |                   |  |
|-------------------|--|-------------------|--|
| Volume (dm3 or L) |  | Temperature class |  |
|                   |  | Category          |  |

## General source parameters:

|                           |      |                                                            |   |
|---------------------------|------|------------------------------------------------------------|---|
| Annual energy consumption | 876  | Recommended temperature(s) for optimised food storage (°C) |   |
| EEl                       | 45,9 | Energy efficiency class                                    | D |

## Light source parameters:

|                                                                    |     |
|--------------------------------------------------------------------|-----|
| Type of light source                                               | LED |
| Energy efficiency glass (for the light source)                     | /   |
| Minimum duration of the guarantee offered by the supplier, (month) | 12  |

## Additional Information

The weblink to the supplier's website, where the information in point 3 of Annex II of Commission Regulation (EU) 2019/2024 is found:: [www.scandomestic.dk](http://www.scandomestic.dk)

\*(Beverage coolers: fill in point 1, ice-cream freezers: fill in point 2, Gelato-scooping cabinet: fill in point 3, supermarket cabinet: fill in point 4, refrigerated vending machines: fill in point 5. If the refrigerating appliance with a direct sales function contains compartments working at different temperatures, or a compartment that can be set to different temperatures, the lines shall be repeated for each compartment or temperature setting):
